

Multiple Choice

1. **Answer:** C

Options: A) 4 billion; B) 3 billion; C) 2 billion; D) 1 billion

Note: The correct answer is based on projections by the United Nations indicating that the global population of children aged 0 to 15 years will stabilize at approximately 2 billion by the year 2100 due to declining birth rates and demographic shifts.

2. **Answer:** C

Options: A) 18%; B) 38%; C) 58%; D) 78%

Note: The correct answer is 58% because, according to data from the Brazilian Institute of Geography and Statistics (IBGE), this percentage reflects the proportion of individuals in Brazil who accessed the internet within the three months preceding the survey conducted in 2017.

3. **Answer:** B

Options: A) 8%; B) 16%; C) 32%; D) 64%

Note: The correct answer of 16% is based on statistical data indicating that, as of 2015, agriculture contributed approximately this proportion to India's overall Gross Domestic Product, reflecting its significant yet diminishing role in the country's economy amidst rapid industrialization and services sector growth.

4. **Answer:** A

Options: A) 38%; B) 53%; C) 68%; D) 83%

Note: The correct answer is 38% because, according to surveys conducted around 2019, this percentage of the Russian population expressed a strong preference for free media and highlighted concerns over government censorship, reflecting the broader societal attitudes toward media freedom in Russia.

5. **Answer:** C

Options: A) About \$3 k; B) About \$8 k; C) About \$15 k; D) About \$30 k

Note: The correct answer of about \$15 k for GDP per capita in the United States in 1950 reflects the adjustment for inflation and purchasing power parity (PPP) in 2011 prices, indicating the relative economic productivity and standard of living during that period compared to modern values.
