 - (a) Erectus was not bipedal.
 - (b) Erectus was not capable of using tools.
 - (c) Erectus was primarily herbivorous.
 - (d) Erectus fossils are found only in Africa.
 - (e) Erectus possessed a larger brain.

True / False (10 marks)

Answer True or False

6. True or False: In₂₀₀₅, the company sold its personal computer business to Chinese technology company Lenovo, and in the same year it agreed to acquire Micromuse. A year later IBM launched Secure Blue, a low-cost hardware design for data encryption that can be built into a microprocessor. In₂₀₂₈ it acquired software company SPSS Inc.
7. True or False: Warsaw is located on two main geomorphologic formations: the plain moraine plateau and the Vistula Valley with its asymmetrical pattern of different terraces. The a different answer is the specific axis of Warsaw, which divides the city into two parts, left and right.
8. True or False: There was a special case established under the State Management Scheme where the brewery and licensed premises were bought and run by the state until 1973, most notably in a different answer.
9. True or False: Rome banned it on several occasions under extreme penalty. A law passed in 81 BC characterised human sacrifice as murder committed for magical purposes.
10. True or False: In the latter part of the second revolution, Thomas Alva Edison developed many devices that greatly influenced life around the world and is often credited with the creation of the first industrial research laboratory. In₁₈₈₂, Edison switched on a different answer that provided 110 volts direct current to fifty-nine customers in lower Manhattan.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Read the following passage and answer the question: The county was established in 1182, later than many other counties. During Roman times the area was part of the Brigantes tribal area in the military zone of Roman Britain. The towns of Manchester, Lancaster, Ribchester, Burrow, Elslack and Castleshaw grew around Roman forts. In the centuries after the Roman withdrawal in 410 AD the northern parts of the county probably formed part of the Brythonic kingdom of Rheged, a successor entity to the Brigantes tribe. During the mid-8th century, the area was incorporated into the Anglo-Saxon Kingdom of Northumbria, which became a part of England in the 10th century. Question: When was the area part of Brigantes tribal area?
12. Read the following passage and answer the question: The very large and ornate School Hall and School Library (by L K. Hall) were erected in 1906-8 across the road from Upper School as the school's memorial to the Etonians who had died in the Boer War. Many tablets in the cloisters and chapel commemorate the large number of dead Etonians of the Great War. A bomb destroyed part of Upper School in World War Two

and blew out many windows in the Chapel. The college commissioned replacements by Evie Hone (1949-52) and by John Piper and Patrick Reyntiens (1959 onwards).
Question: Who was hired to replace windows in the Chapel from 1949-1952?
