

Multiple Choice

1. **Answer:** A

Options: A) the absence of desire.; B) a state of constant dissatisfaction.; C) a state of constant change.; D) the absence of progress.; E) a state of satisfaction with one's current state.

Note: Hobbes defines felicity as the continuous satisfaction of one's desires, meaning that true contentment arises when there are no unfulfilled desires, thus characterizing it as the absence of desire.

2. **Answer:** A

Options: A) 1853-1945; B) 1603-1868; C) 1587-1639; D) 1749-1945; E) 1052-1616

Note: The timespan for Japan's closure to Christianity and Europe, from 1853 to 1945, reflects the period of isolation following the Sakoku policy initiated in the early 17th century, which was formally ended with the arrival of Commodore Perry in 1853, leading to Japan's eventual re-engagement with the West and the subsequent impacts of World War II.

3. **Answer:** B

Options: A) quantum physics; B) metaphysics; C) ontology; D) phenomenology; E) cosmology

Note: Metaphysics is the branch of philosophy that investigates the fundamental nature of reality, including the relationship between mind and matter, substance and attribute, and potentiality and actuality, making it the correct answer for the study of the elemental nature of the universe.

4. **Answer:** D

Options: A) categorical; B) autonomous; C) consequential; D) hypothetical; E) practical

Note: A hypothetical imperative, according to Kant, is contingent upon a person's desires and represents an action as a necessary means to achieve specific ends that the individual wills.

5. **Answer:** A

Options: A) he considers the stronger version to be correct.; B) he considers the weaker version to be correct.; C) he proposes a third, completely different principle.; D) he argues that the weaker version is stronger.; E) he claims that they are equivalent.

Note: Singer considers the stronger version of the principle to be correct because it emphasizes a moral obligation to prevent suffering and promote well-being to the greatest extent possible, aligning with his utilitarian ethical framework.

True / False

6. **Answer:** True

Options: A) True; B) False

Note: Butler argues that true virtue stems from aligning our actions with our deepest moral convictions, which he defines as our highest inward principles.

Options: A) True; B) False

Note: Aesthetics encompasses the study of beauty and artistic expression in various forms, which are not limited to survival essentials but include cultural, emotional, and experiential dimensions of human life.

8. **Answer:** False

Options: A) True; B) False

Note: The statement is false because women's choices regarding sexual activity can be significantly influenced by a variety of external pressures, including societal norms, relationship dynamics, and expectations, which may compromise their ability to act freely.

9. **Answer:** True

Options: A) True; B) False

Note: A hasty generalization is considered a fallacy because it draws conclusions from a sample size that is too small or not reflective of the larger population, leading to potentially misleading or incorrect assertions.

10. **Answer:** True

Options: A) True; B) False

Note: The concept of 'using someone as a mere means' is central to Kantian ethics because it emphasizes the importance of treating individuals as ends in themselves, reflecting Kant's principle that moral agents must respect the inherent dignity and autonomy of others.

Long Form Response

11. **Answer:** The title "Dalai Lama," which translates to "Love of the Ocean," holds profound significance within Buddhist philosophy and leadership. The term "ocean" symbolizes vastness, depth, and the interconnectedness of all beings, reflecting the Dalai Lama's role as a spiritual leader who embodies compassion and wisdom. This title implies a commitment to fostering love and understanding among diverse cultures and religions, emphasizing the Buddhist tenet of universal compassion. Furthermore, the designation underscores the responsibility of the Dalai Lama to guide followers through the turbulent waters of life with a depth of insight akin to an ocean. Thus, the title encapsulates both the spiritual depth and the ethical imperative of Buddhist leadership in promoting peace and harmony.

Note: The answer correctly highlights that the title "Dalai Lama," meaning "Love of

the Ocean," symbolizes vast compassion and interconnectedness, reflecting the leader's role in promoting universal compassion and understanding in Buddhist philosophy.

12. **Answer:** Euthanasia, defined as the act or practice of intentionally ending a person's life to relieve suffering, presents significant philosophical implications and ethical dilemmas. One of the primary ethical dilemmas revolves around the conflict between the value of human life and the principle of autonomy; individuals may argue for the right to choose death over prolonged suffering, while others contend that life should be preserved at all costs. Additionally, euthanasia raises questions about moral responsibility and the potential for abuse, particularly concerning vulnerable populations who may feel pressured to opt for death. These complexities challenge our understanding of compassion, suffering, and the moral obligations society holds towards its members, ultimately prompting a reevaluation of the ethical frameworks that govern life and death decisions.

Note: correct as it identifies the central philosophical conflict between the sanctity of life and individual autonomy in the context of euthanasia, highlighting the ethical dilemmas that arise from the choice between relieving suffering and preserving life.
