

Multiple Choice (10 marks)

1. Baxter argues that we should view our treatment of the environment as a matter of various trade-offs whose aim is
 - (a) to minimize damage incurred by all individual living beings.
 - (b) to promote the functional integrity of ecosystems.
 - (c) to minimize the suffering of all sentient creatures.
 - (d) to ensure the survival of endangered species.
 - (e) to minimize damage to the ozone layer.
2. Ross claims that the essential defect of utilitarianism is that it ignores
 - (a) the significance of moral intentions.
 - (b) epistemological responsibility.
 - (c) the role of virtue in morality.
 - (d) the value of pleasure.
 - (e) the importance of individual rights.
3. Which of the following fallacies happens when someone attributes the cause of an event to a simple cause when the cause is actually more complicated?
 - (a) slippery slope
 - (b) complex cause
 - (c) red herring
 - (d) ad hominem
 - (e) hasty generalization
4. Cicero argues that we will never go morally astray if we:
 - (a) follow religious edicts.
 - (b) follow historical precedents.
 - (c) follow the teachings of philosophers.
 - (d) follow Nature as our guide.
 - (e) follow our conscience.
5. Which of the following is not an example Aquinas gives of a self-evident proposition?
 - (a) "Man is a rational being."
 - (b) "All bachelors are unmarried."

- (c) "Night follows day."
- (d) "The sum of the angles of a triangle is 180 degrees."
- (e) "The same thing cannot be affirmed and denied at the same time."

True / False (10 marks)

Answer True or False

- 6. True or False: The university raises tuition only if the board of trustees recommends it is false.
- 7. True or False: Most individuals who experiment with illegal drugs continue their use into adulthood.
- 8. True or False: Paley argues that nature's contrivance is distinct because it is not created by human hands.
- 9. True or False: The natural law fallacy is classified as a specific type of false analogy, where a comparison misrepresents moral reasoning.
- 10. True or False: Plato argues that true beauty can be found in everyday objects and is thus accessible to everyone.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

- 11. Discuss the fallacy of ignorance of refutation, analyzing how it causes confusion during refutation due to a perceived inability to engage in the process.
- 12. Discuss the two principal perspectives on the meaning of life: the pessimist's view and the optimist's view. Analyze their implications for human existence and well-being.
