 - (d) Both A and B are correct.

True / False (10 marks)

Answer True or False

6. True or False: Throughout much of American history, the dominant foreign policy approach has been characterized by isolationism.
7. True or False: The concept of human security is primarily defined by traditional military strategies and focuses solely on state-level conflicts.
8. True or False: The 'New Populism' reflects an increased incorporation of public opinion in foreign policy making.
9. True or False: Economic, regime, environmental, and human security are all intrinsically linked with energy security.
10. True or False: American exceptionalism promotes the liberalization of global trade, emphasizing free market principles and competition.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss the concept of 'energy security nexus' in the international system, analyzing how the uneven geographical distribution of energy resources influences state relationships and security policies.
12. Discuss how the 'Philadelphian System' embodies the principles of American exceptionalism, particularly in contrast to European political frameworks.
