

Multiple Choice (10 marks)

1. Mosca and Pareto identified the ruling elite as:
 - (a) a minority group who fill all the top positions of political authority
 - (b) a coalition of social forces with specific skills and abilities
 - (c) a group who circulate between high status positions and exclude others
 - (d) all of the above
2. Which of the following is not a consequence of global tourism?
 - (a) decreased rates of prostitution and sex tourism
 - (b) developing countries can depend on it as a crucial source of income
 - (c) the exploitation of cheap, unregulated labour in poor countries
 - (d) we have become more aware of 'other' societies and ways of living
3. Economic aid has largely failed to promote modernization in the developing countries because:
 - (a) there are no clearly defined projects into which the money can be directed
 - (b) the United Nations has refused to call on rich countries to provide it
 - (c) debt repayments with interest can be greater than the amount of money received
 - (d) debt repayments with interest can be greater than the amount of money received
4. If a deviant act is 'normalized', it is:
 - (a) recognised as breaking an important norm of behaviour
 - (b) seen as a temporary aberration from an otherwise 'normal' character
 - (c) the first step in establishing a deviant career
 - (d) attributed to the person's genetic or anatomical make up
5. Women have been excluded from the public sphere because:
 - (a) industrial capitalism separated the middle class home from the workplace
 - (b) those who enter paid employment have been 'sidelined' into particular fields
 - (c) it is difficult to succeed in 'malestream' politics without compromising their femininity
 - (d) all of the above

True / False (10 marks)

Answer True or False

6. True or False: The Fashion Sensibility Survey is not a regular national survey conducted by the British government.
7. True or False: Marx argued that the labor movement would evolve the working class into a 'class for itself' through collective consciousness and action.
8. True or False: Frank (1967) suggested that 'underdeveloped' societies are primarily resistant to integrating into global economic systems.
9. True or False: The 'absolute' poverty line identifies households that are poor based on relative societal norms and values.
10. True or False: Peer groups are the primary agents of socialization in early childhood, significantly influencing children's development and social skills.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss the significance of Auguste Comte's contribution to the field of sociology, including the implications of his coining of the term in the context of 19 th-century social thought.
12. Discuss the naturalistic explanations of race in the nineteenth century, analyzing which factors were emphasized and why certain aspects, such as height, were overlooked.
