

Multiple Choice (10 marks)

1. Urbanization occurred in the nineteenth century because:
 - (a) commuters started moving out of villages and into cities
 - (b) towns and cities were becoming increasingly planned and managed
 - (c) industrial capitalism led to a shift of population from rural to urban areas
 - (d) transport systems were not provided, so it was easier to live in the city
2. Mass-society theory suggests that:
 - (a) the content of the media is determined by market forces
 - (b) the subordinate classes are dominated by the ideology of the ruling class
 - (c) the media manipulate 'the masses' as vulnerable, passive consumers
 - (d) audiences make selective interpretations of media messages
3. The 'two-sex' model that Laqueur (1990) identified:
 - (a) contrasted homosexuality with heterosexuality
 - (b) distinguished between male and females as separate sexes
 - (c) represented women's genitalia as underdeveloped versions of men's
 - (d) argued for male superiority over women
4. In contemporary societies, social institutions are:
 - (a) highly specialized, interrelated sets of social practices
 - (b) disorganized social relations in a postmodern world
 - (c) virtual communities in cyberspace
 - (d) no longer relevant to sociology
5. Durkheim defined social facts as:
 - (a) ways of acting, thinking, and feeling that are collective and social in origin
 - (b) the way scientists construct knowledge in a social context
 - (c) data collected about social phenomena that are proven to be correct
 - (d) ideas and theories that have no basis in the external, physical world

True / False (10 marks)

Answer True or False

6. True or False: In the 19th century, employers primarily exercised disciplinary power by making routine tasks less monotonous for workers.
7. True or False: The post-war welfare state of 1948 aimed to ensure free health care and education for all citizens.
8. True or False: In Marx's theory, the 'mode of production' solely pertains to the way in which products are made in a factory.
9. True or False: Sociology is a social science because its theories are logical, explicit, and supported by empirical evidence.
10. True or False: Marx believed that religion would cease to exist once church attendance fell below 15% of the population.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss Wallerstein's concept of the 'world system' in the context of the capitalist world economy, focusing on its implications for the division of labor across diverse ethnic and cultural groups.
12. Discuss the educational policies of the New Labour government, focusing on the implications of not supporting failing Local Education Authorities (LEAs) in their reform efforts.
