

Multiple Choice (10 marks)

1. Bernstein thought that using 'restricted codes' of language disadvantaged pupils at school because:
 - (a) this pattern of speech made them the target of bullying
 - (b) they referred to explicit, context independent meanings
 - (c) they prevented children from communicating outside of their peer groups
 - (d) they involved short, simple sentences with a small vocabulary
2. World-affirming religions:
 - (a) embrace conventional cultural values but offer new means of achieving them
 - (b) react against the loss of any meaningful religious content in the teachings of churches
 - (c) adopt an attitude of mild disapproval towards mainstream social values
 - (d) reject both the goals and means of conventional society and provide utopian alternatives
3. A survey should avoid asking:
 - (a) fixed-choice questions
 - (b) short questions
 - (c) leading questions
 - (d) funnelled questions
4. The 'correspondence principle' (Bowles & Gintis) suggests that:
 - (a) schools prepare children for work by teaching them to be obedient
 - (b) teachers and parents tend to have similar attitudes to learning
 - (c) children who write lots of letters develop a better grasp of language
 - (d) boys' and girls' educational achievements have recently become similar
5. Herberg's (1955) study of religion in America suggested that:
 - (a) ethnic minorities practised religion to achieve social acceptance in the culture
 - (b) mainstream faiths were becoming increasingly identified with national identity
 - (c) the moral teachings of the main religions were becoming relatively similar
 - (d) all of the above

True / False (10 marks)

Answer True or False

6. True or False: The Mafia primarily engages in white collar crime, focusing on fraud and financial manipulation rather than organized criminal activities.
7. True or False: The nineteenth century saw a rise in cottage industries, with many women occupying high-status managerial roles in production.
8. True or False: Human behavior is meaningful and varies significantly across different individuals and cultures, making sociological study distinct from natural sciences.
9. True or False: A moral panic occurs when the media exaggerate reports of deviant groups, leading to heightened public fear and hostile reactions.
10. True or False: Murray characterized the 'underclass' as individuals who are morally unsound, reliant on welfare, and perceived as having low intelligence.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss the concept of scapegoating in sociology, analyzing its impact on social dynamics and the implications for understanding societal problems.
12. Discuss the functionalist perspective in sociology, focusing on how it explains society's mechanisms for maintaining order and stability. Provide examples to support your analysis.
