

Multiple Choice (10 marks)

1. With industrial capitalism, leisure emerged as a concept that meant:
 - (a) distinct periods of non-work and relaxation
 - (b) regulated and organized activities to reduce social disorder
 - (c) the growth of civic, municipal culture through public libraries, museums and art galleries
 - (d) all of the above
2. Equilibrium theories of social change emphasize
 - (a) globalization
 - (b) stability and the structure of society
 - (c) secularism and mechanization
 - (d) industrialization
3. In their study of depression, Brown & Harris (1978) found that:
 - (a) women's susceptibility to stress depended on their levels of social support
 - (b) self-reported depression is highest amongst men and the relatively affluent
 - (c) men and women have fairly similar levels of diagnosed depression
 - (d) men are more vulnerable to depression because of conventional gender roles
4. Which of the following is the most important agent of socialization in early childhood?
 - (a) A preschool provider
 - (b) A peer group
 - (c) The mass media
 - (d) The family
5. The media-themes model of media influence claims that:
 - (a) audiences selectively interpret what they want to hear
 - (b) content analysis is the best way to identify the themes covered by the media
 - (c) audiences passively absorb whatever messages they are given
 - (d) social interaction reinforces the ideas and images that audiences select

True / False (10 marks)

Answer True or False

6. True or False: Law and order was solely privatized through the introduction of new technologies for public policing in the 1980 s and 1990 s.
7. True or False: Scientific management primarily focuses on employee autonomy and self-regulation in the workplace.
8. True or False: In contemporary societies, social institutions are highly specialized, interrelated sets of social practices that structure social life.
9. True or False: Growing unemployment in the 1980 s increased dependency on welfare benefits, contributing to rising income inequality.
10. True or False: Becker claimed that cannabis use was a widespread and increasing trend among all youth in the 1970 s.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss Blauner's (1964) analysis of alienation in the workplace, focusing on car manufacturing in assembly plants. What factors contribute to this alienation, and how does it impact workers?
12. Discuss the New Right's perspective on family values and analyze how the trend of cohabitation before marriage challenges or supports their arguments.
