

Multiple Choice (10 marks)

1. The term 'collective consumption' (Castells 1977) refers to:
 - (a) the privatization of public services by the Conservative government
 - (b) the lifestyle practice of shopping in peer groups
 - (c) the form of tuberculosis suffered by those who collect stamps
 - (d) the provision of health, housing, and education services by the state
2. Religious organizations such as the Church of Norway, Islam, the Church of England, and the Church of Greece have which of the following characteristics in common?
 - (a) They are cultures as well as churches.
 - (b) They practice separation of church and state.
 - (c) They exclude women as clergy.
 - (d) They are monotheistic.
3. Scott (1991) introduced the term 'power elite' to describe:
 - (a) the ruling class, or bourgeoisie, who exploit the proletariat
 - (b) a capitalist class dependent on property ownership and advantaged life chances
 - (c) an alignment of classes with shared interests but no state power
 - (d) a state elite whose members are drawn overwhelmingly from a power bloc
4. Warner and Myrdal claimed that black former slaves were not joining the 'ethnic melting pot' of the North American cities because:
 - (a) the white population did not believe in liberty, equality, and democracy
 - (b) they wanted to retain a strong sense of their original ethnic identity
 - (c) they were not prepared to leave the Southern states and move to North America
 - (d) the promise of citizenship was contradicted by continued discrimination
5. An ecclesia is:
 - (a) a religious organization that claims total spiritual authority over its members
 - (b) a church organized around voluntary rather than compulsory membership
 - (c) a sect or cult with a very small following
 - (d) a hierarchy of priests or other spiritual leaders

True / False (10 marks)

Answer True or False

6. True or False: The office is not recognized as a level of society, unlike the household, nation state, and global village.
7. True or False: Mead's 'generalized other' is defined as a significant figure in childhood who imparts the general values of society.
8. True or False: Booth's (1901) study suggested that 27.50% of Londoners were experiencing poverty at that time.
9. True or False: Marx's concept of class polarization refers to the increasing gap between the rich and poor, leading to heightened class consciousness.
10. True or False: War became possible between nation states in the nineteenth century due to rival empires, industrialization, and intense competition.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss the role of informal negative sanctions in shaping social behavior, using the example of children who are teased for thumb-sucking upon entering kindergarten.
12. Discuss the naturalistic explanations of race proposed by nineteenth-century scientific theories, and critically analyze which aspects were commonly emphasized or overlooked in these discussions.
