

Multiple Choice (10 marks)

1. The 'new racism' refers to:
 - (a) a subtler form of prejudice, masked by nationalist pride
 - (b) a post-modern deconstruction of racist ideas to reveal their lack of depth
 - (c) racist practices found in newly emerging areas of social life, such as cyberspace
 - (d) an anti-fascist movement which challenges nationalist politics
2. The 'demographic transition' is a social trend that involves:
 - (a) a reduction in population size, caused by a higher rate of emigration than immigration
 - (b) a change in the principal causes of death and disease since industrialization
 - (c) increased birth and death rates, resulting in a relatively young population
 - (d) a decline in the birth rate, greater life expectancy, and an ageing population
3. Traditional working class identity was based around:
 - (a) shared working conditions in the manufacturing industry
 - (b) the class consciousness of members of the proletariat
 - (c) local communities, extended kinship networks and shared leisure pursuits
 - (d) collective aspirations to move into the middle class
4. Lombroso claimed that:
 - (a) criminals were socialized into an 'underworld' of crime
 - (b) no act is intrinsically deviant
 - (c) biological failings drove some people into crime
 - (d) women were less likely to be arrested than men
5. Marriage appears to be in decline because:
 - (a) the proportion of people living alone has fallen to 29%
 - (b) many people are cohabiting in long term relationships
 - (c) the upward curve of remarriages compensates for the drop in first marriages
 - (d) all of the above

True / False (10 marks)

Answer True or False

6. True or False: Pluralist theories assert that the ruling elite is composed solely of individuals from a single class background.
7. True or False: Cultural restructuring includes regenerating cities in decline, transforming industrial sites into tourist attractions, and leveraging media advertising.
8. True or False: Marx predicted that class polarization would result in the growth of intermediate strata within the middle classes.
9. True or False: The ecological approach to urban sociology examines how social groups colonize different city areas and compete for resources.
10. True or False: Ethnographic research produces qualitative data because it is conducted over a period of several years.

Long Form Response (20 marks)

Answer each question with a clear and complete explanation.

11. Discuss the key processes of decision-making identified by Domhoff in the USA, and critically analyze why he did not include the exploitation process in his framework.
12. Discuss the concept of social stratification in sociology, analyzing its impact on individuals' movement between social layers and the broader implications for society.
